

# HELPING PEOPLE IMPROVE THEIR QUALITY OF LIFE

Through three focus areas; Activation, Mealtime and Digital care, Camanio Care supports people's basic needs and increases accessibility and quality within health care.

SALSS PRESENTING COMPANY | 2018

**Camanio Care** 

Camanio Care AB | CARE:AktieTarget

Founded in 2016 through a merger, Camanio Care is a publicly listed innovative caretech company, developing robotics and assistive aids for the care market to help people improve their quality of life. Camanio Care has its HQ in Stockholm, a US subsidiary, Camanio Care Inc., as well as distributors in Asia, the Middle East, Hong Kong, Australia and in ten EU countries. It received the prestigious Swecare 2018 Rising Star Award.

## OUR PRODUCTS & SERVICES

Camanio Care addresses the major challenge for society to care for an ever larger proportion of elderly people. The Company offers welfare technology that increases independence and well-being for individuals and improves the quality of care while making it more efficient. Our digital care service platform consists of robotics, intelligent assistive devices and gamification, with products such as VITAL, BikeAround™, Bestic® and Giraff™ that help with activities, mealtimes and supervision.

- **Giraff** is a mobile robot that enables real-time virtual home visits and can reduce the number of physical home visits needed through remote monitoring.
- **Bestic** provides assistance with eating for users with impaired function, or lack of function in their arms and/or hands.
- **jDome BikeAround** is similar to an exercise bicycle, where an enclosed screen allows the user to cycle around in a virtual world generated by Google's Map Services and Google Street Views.

- Serial entrepreneur, involved in the founding and management of companies within education, consulting and medical technology/sales

## WHAT MAKES US UNIQUE

We use modern technology to give back dignity and control to the users, while helping care givers solve their resource challenge. With cutting edge research, academic partnerships and close cooperation with customers we are strongly positioned as an integrated market leader.

Our business model is product-as-a-service through a monthly fee/service/user subscription, resulting in predictable revenue streams with long term contracts with municipalities and private care providers.

## WHY YOU SHOULD MEET US

Camanio Care currently cooperates with more than 20 universities, research organizations and institutes across the world. We have ambitious expansion plans and are looking to strengthen sales and marketing activities in the USA.
